

OCEAN STARS GENERAL TRADING LLC

Engineering Acoustic Excellence Across the GCC

Noise Control • Vibration Isolation • Acoustic Engineering

OUR MISSION

To engineer quieter, healthier and higher-performing built environments. We deliver measurable acoustic outcomes through in-house engineering, 500+ traceable product codes and hands-on installation — from noise modelling and material selection to on-site verification across infrastructure, industrial and architectural projects.

- **Engineering Quiet**
Acoustic design, modelling & consultancy
- **Protecting Performance**
Vibration isolation for critical plant & MEP
- **Delivering Comfort**
Architectural acoustics for people-first spaces

About OSGT Acoustic

Ocean Stars General Trading LLC — Dubai

OSGT Acoustic is a complete noise & vibration control partner — delivering supply, installation, engineering and consultancy for infrastructure, industrial and architectural projects across the UAE and the wider GCC. Every OSGT item follows a traceable structure:

OSGT-[Category]-[Material]-[Series]-[Number].

Acoustic Consultancy	Environmental noise, building acoustics, room simulation, RT60.
Design & Modelling	CFD, MEP acoustics, HVAC noise, vibration analysis, noise mapping.
Testing & Compliance	LEED / Estidama compliance, sound insulation & RT testing.
Supply & Installation	Panels, barriers, enclosures, doors, floating floors, isolators.

Serving Across the GCC

United Arab Emirates • Saudi Arabia • Qatar • Oman • Kuwait • Bahrain

Product Portfolio

13 product families • traceable OSGT codes • project-ready specifications

Wall Acoustic Panels

Fabric, PET, wood, MDF, slat and perforated wall systems.

- PET Acoustic Wall Panel — Standard / Premium
- Fabric-Wrapped Wall Panel
- Wood Veneer Acoustic Panel
- MDF Perforated Wall Panel
- Grooved Acoustic Wall Panel
- Wooden Slat Acoustic Panel
- Perforated Metal Wall Panel
- Luxury 3D Acoustic Wall Panel
- Custom Printed Acoustic Panel

Ceiling Acoustic Panels

Metal, PET, wood, gypsum and mineral-fibre ceiling systems.

- Metal Perforated Ceiling Panel
- PET Ceiling Tile
- Wood Ceiling Acoustic Tile
- Mineral Fibre Ceiling Tile
- Perforated Gypsum Ceiling
- Seamless Acoustic Ceiling

Ceiling Baffles

Vertical PET, fabric, wood and metal suspended baffles.

- PET Vertical Baffle — Standard / XL
- Timber Slat Baffle
- Fabric Wrapped Baffle
- Metal Frame Baffle
- Custom Shape Baffle

Ceiling Clouds

Horizontal acoustic clouds — standard and custom.

- PET Round Cloud
- PET Rectangular Cloud
- Fabric Wrapped Cloud
- Wood Frame Cloud
- Custom Geometry Cloud

Highway & Railway Noise Barriers

Hybrid, transparent, industrial and solar barrier systems.

- Highway Absorptive Barrier
- Railway Trackside Barrier
- Industrial Perimeter Barrier
- Transparent Acrylic Barrier
- Hybrid Metal + Timber Barrier
- Solar Integrated Barrier

Acoustic Enclosures

Generator, HVAC, chiller, compressor, pump and turbine enclosures.

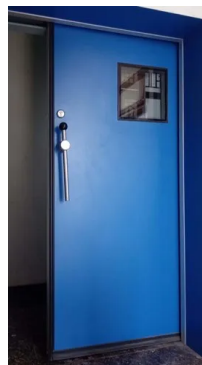

- Generator Acoustic Enclosure
- HVAC Plant Enclosure
- Chiller Enclosure
- Compressor Enclosure
- Pump House Enclosure
- Turbine Enclosure

Acoustic Doors

STC 45 – STC 60 heavy-duty metal & wooden acoustic doors.

- Metal Acoustic Door (STC 45–55)
- Wooden Acoustic Door (STC 40–50)
- Acoustic Door STC 55
- Acoustic Door STC 60 (Double Leaf)

Acoustic Louvers

Aluminum, steel and high-density louvers for HVAC & plants.

- Aluminum Acoustic Louver
- Steel Acoustic Louver
- High-Density Industrial Louver

Floating Floor Systems

Rubber, spring and HD isolation floors for studios & plants.

- Rubber Isolation Floating Floor
- Spring Isolation Floating Floor
- Heavy-Duty Studio Floating Floor
- Iso-Mat Underlayment
- Spring Floor Pad

Vibration Isolation

Spring, rubber, neoprene, inertia bases, seismic restraints.

- Open / Housed / Restrained Spring Isolators
- Rubber-in-Shear Mount
- Cup Mount
- Neoprene Pad & Hanger
- Concrete / Steel Inertia Base
- Pipe Spring Hanger
- Seismic Restraint
- Flexible Expansion Joint

Acoustic Foam

Wedge, pyramid, melamine, bass and studio foams.

- Wedge / Pyramid Acoustic Foam
- Melamine Foam Panel
- Bass Trap Foam
- Studio Foam Kit

Diffusers

QRD, 2D, wooden and custom acoustic diffusers.

- QRD Wooden Diffuser
- 2D Skyline Diffuser
- Wooden Slat Diffuser
- Custom Sculpted Diffuser

Accessories

Seals, adhesives, tracks, clips, anchors and trims.

- Acoustic Door Seal Set
- Acoustic Adhesive
- Resilient Clip
- Isolation Anchor

Engineering & Consultancy Services

- Acoustic Consultancy
- Building Acoustic Design
- Reverberation Time (RT60) Analysis
- Piping Stress Analysis
- HVAC Noise Analysis
- Noise Mapping
- Highway Noise Assessment
- Acoustic Modelling
- Estidama Acoustic Compliance
- Sound Insulation Testing
- Environmental Noise Monitoring
- Tender & Specification Support
- Environmental Noise Assessment
- Room Acoustic Simulation
- CFD Analysis
- MEP Acoustic Calculations
- Vibration Analysis
- Railway Noise Assessment
- Noise Barrier Design
- LEED Acoustic Compliance
- Acoustic Testing Coordination
- Reverberation Time Testing
- Vibration Monitoring
- Shop Drawings & Acoustic Detail Design

Industries We Serve

- › Rail & Metro
- › Airports
- › Hospitals
- › Hotels
- › Industrial Plants
- › Highways
- › Data Centers
- › Schools
- › Studios
- › Commercial Buildings

Let's Build Something Quieter

Request a consultancy, product datasheet or project quote — our engineering team responds within one business day.
